

5th Master course of Microscopy and diagnosis of Vulvo-Vaginitis

Supported by ISIDOG, IUSTI Europe and EBCOG

Have you lately been struggling with the diagnosis of a patient with resistant vulvo-vaginal complaints, not responding to any of the therapies you tried? Did you become insecure about the use of a microscope? Here is your answer!

- 2 days interactive hands-on course
- Top European vaginal microscopy specialists and researchers
- Official attendance certificate with score of exam
- Strictly limited to 15 persons

Registration fee: until 15.Dec.2018 275€ (ISIDOG members 236€)

from 16.Dec.2018 310€ (ISIDOG members 270€)
