

# Reproductive Skills Centre Brussels

## Course Program 2020–2021

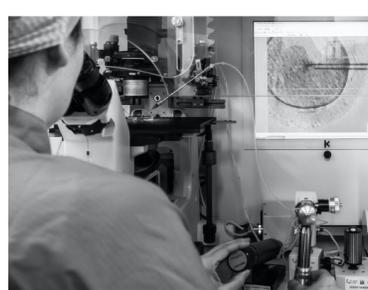

The Reproductive Skills Centre Brussels (RSCB) is CRG – UZ Brussels’s ART training centre. The courses offered in the RSCB provide comprehensive training in the clinical and laboratory aspects and practices of assisted reproductive technologies and reproductive surgery.

All courses include:

- Theoretical sessions & lectures
- Case studies
- Teaching & demo videos
- Hands-on training sessions
- Q&A – Interactive discussion
- Guided tour of the lab
